

case study

Evans Easyspace

Evans Easyspace were looking for an office furniture provider who could supply them with good quality furniture across all areas, providing national coverage with quick leadtimes. This would therefore provide Evans Easyspace centres with a consistent and corporate look and feel.

“Evans Easyspace became aware of the **acs** service via the BCA (Business Centre Association). Our business relationship commenced in January 2006 as the office furniture **acs** sourced and supplied fitted our needs. Also the added benefit of being able to obtain additional furniture in the same range suited both us and our clients.**acs** throughout our relationship have been professional in their advice and on going support, whether it has been down to delivery timescales or office design and planning. I would have no hesitation in recommending **acs** to other office service suppliers.”

Ian Frostwick,
Operations Director

industry and size

Evans Easyspace is the UK's leading provider of new quality small business units and has 58 centres throughout the UK.

challenge

To create small, quality offices that have a corporate look throughout the business.

solution

Using quality robust furniture, giving the multiple sites the same identity throughout and providing 2D and 3D designs to visualise the office spaces.

providing flexible workspace

acs offered all top quality products at the right price with a guarantee of continuity of supply. The **acs** design team produced drawings for whole sites, individual offices and meeting rooms.
